Subject: RE: please review this guidance/process ASAP for Gold King Mine Spill deployments

FYI. Jason Nakatsu from Region 8 is the Field Safety Officer and is working in the area of the spill. His number is 303-312-6862. Kendra Gomez is the Incident Safety Officer based in Dallas at the REOC. Her phone number is 214-665-7225.

They both have e-mail access as I have been in contact with them by that method. When individuals are in theatre, I suggest that Jason be the primary contact. Any issues that may come to me will be forwarded to both of them.

I have shared draft guidance with the 5 leaving already, I would like to get this as tight as possible ASAP if they need to be corrected sooner than later and for future deployments. Particularly review for your Areas of Responsibility. If we need to insert anything or anyone to the process or change, I am completely open.

We will set up a deployment logistics site just for our folks too, probably on epaossc.net - and include it on this sheet
